

A Quick Reference of Saba's Entry Procedures for Vaccinated Americans and Canadians

To enter	Entry Approval Document	Testing	Quarantine	Masks & Social Distancing Requirements	Covid-19 Insurance
St. Maarten "SXM"	EHAS form COMPLETED PRIOR TO ARRIVAL (1)	Rt-PCR 120 hrs prior OR Antigen 48 hrs prior to arrival** (2 and 3)	None	Recommended	NOT required for in-transit passengers; required if staying on SXM
Saba	EHAS form COMPLETED PRIOR TO ARRIVAL (1)	Rt-PCR 72 hrs prior OR Antigen 72 hrs prior to arrival	None	Not Required	Recommended

- 1) EHAS forms must be submitted prior to arrival after receiving your negative Covid test results. Your negative Covid test must be uploaded to SXM *and* Saba EHAS forms.
- 2) For those travelers with a connecting flight, the Rt-PCR or Antigen test must be administered within 72 or 48 hours (see above for differences in timing) of the last leg of your journey. If the test has exceeded the time limit while you are travelling, you will need to take a new test before arriving in St. Maarten.
- 3) We are told the St. Maarten testing requirements may eventually extend to a 72-hour time frame for Antigen tests. As of this writing it is still 48 hours.

Information for your departure from Saba:

- 1) Saba has a centralized testing facility open DAILY 1pm-3pm; no appointment required: Antigen test \$50 (results in 4 hrs); PCR test \$75 (results in 6+ hrs). Currently USA requires tests to be conducted within 72 hours of arrival to the USA.
- 2) Please check with your local and national public health authorities for information on their entry requirements.
- 3) The [St. Maarten EHAS form](#) must be completed for your transit through St. Maarten.

Notes:

For more specifics regarding St. Maarten entry: <https://stmaartenehas.com/travel-requirements/>

Non-Vaccinated travelers are allowed to come to Saba with testing and 5-day quarantine. For more information regarding non-vaccinated travelers' protocols and more details regarding Saba entry requirements: info@sabagov.nl or <https://www.sabagov.nl/covid-19-information>
